The Hon. Lauri Selber Silverstien
BSA Bankruptcy Case
824 Market Street
Sixth Floor
Wilmington, DE 19801

Dear Justice Silverstien

At the age of around ten, I was taken advantage of by my [REDACTED], [REDACTED], [REDACTED]
On several occasions, [REDACTED], whom I
admired and respected, [REDACTED]
while encamped in wooded areas in [REDACTED] Since
I admired [REDACTED], I didn't realize at the time that he was doing
something to me that was wrong. Then I came to know that I did
not like what he was doing and from that time on I felt very deep
guilt, was ashamed of myself and thought that I was not a normal
person. I carried that guilt and shame for many years until time
gradually dimmed the memory of what had happened.

In approximately one month I will reach the ripe old [REDACTED].
Before I pass, I would like to see the BSA punished for tacitly
condoning such activity as was conducted by a person whom at
that time I greatly admired and whom was merely [REDACTED] me
for his [REDACTED]

Thank you for your consideration.

Sincerely
