To the Honorable Justice LAUREN Silberman

RE: BSA Bankruptcy Case

RE: BSA

Your honor I'm writing to you with power [REDACTED] I'm so upset with recent developments in the BSA Bankruptcy case. I fear if I tried to use my keyboard & would pound the keys so hard they would break. The recent attempt by the BSA & its insurers to shirk their responsibilities is down-right disgusting to those who have suffered at the hands of BSA "lenders". Many of us have spent decades trying to rebuild our lives after these [REDACTED] upon our young bodies inflicting both physical & mental anguish that can never be fully repaired. They must be held FULLY accountable. I urge you to do all within your power to provide a deep measure of justice for the victims &

I'm case [REDACTED], but more importantly I'm a man still trying to help his 11-yr old self come to terms to what happened to him.

Thank you for your time
